IISD'S Mission

To establish skill-based learning as a respected, structured, and globally recognized education system that transforms practical competencies into academically validated qualifications.

What IISD Does

Designs Programs

Creates standardized skill-based programs aligned with international qualification frameworks

Approves Institutions

Grants academic association to qualified institutions for program delivery

Conducts Assessments

Administers centralized examinations to ensure standardized evaluation

Issues Certificates

Provides internationally recognized certificates with digital verification

Our Academic Philosophy

Skill + Structure + Assessment = Qualification

Skills are not validated by experience alone – they are validated by measurable competence, and competence is validated through trusted evaluation. IISD provides the academic framework that transforms informal skill learning into formal, recognized qualifications.

IISD I.S.C.

IISD International Skill Credential

Level	Title	Duration	Accreditation Fee
ISC 1	International Foundation Skill Certificate	3–6 Weeks	₹5,000
ISC 2	International Basic Skill Certificate	3 Months	₹8,000
ISC 3	International Skill Technician Certificate	3–6 Months	₹10,000
ISC 4	International Skill Diploma	1 Year	₹14,000
ISC 5	International Skill Advanced Diploma	1 Year	₹18,000
ISC 6	International Skill Professional Diploma	1 Year	₹20,000
ISC 7	International Executive Diploma	1–2 Years	₹24,000
ISC 8	International Master Skill Trainer	1 Year	₹30,000

Registration Fee : ₹ 2000 (One Time)

The IISD International Skill Credentials provide a clear and structured pathway for learners to grow from foundational abilities to advanced industry expertise.

The ISC Levels are based on national and international frameworks such as NSQF, NCrF, and global skill competency standards. They integrate outcome-based education, credit levels, and progressive skill complexity as defined by industry benchmarks

Accreditations

Courses

Certificate Courses

Levels 1-3

Minimum Qualification

Levels 1-2 : Senior Secondary (10th) or Equivalent

Levels 3: Higher Secondary (12th) or Equivalent

S.No.	Certificate Course Title	Levels
1	Computer Applications & Office Productivity Tools	ISC Level 1-3
2	Fundamentals of Web Development (HTML, CSS & Basic JavaScript)	ISC Level 1-3
3	Introduction to Python Programming & Automation	ISC Level 1-3
4	Data Analytics Basics with Excel & SQL	ISC Level 1-3
5	Introduction to UI/UX & Digital Product Design	ISC Level 1-3
6	Digital Marketing & Online Growth Essentials	ISC Level 1-3
7	Cloud Computing Fundamentals & DevOps Basics	ISC Level 1-3
8	Cybersecurity Essentials & Ethical Hacking Basics	ISC Level 1-3
9	Introduction to AI, Prompt Engineering & No-Code Tools	ISC Level 1-3
10	Mobile App Development Basics (Flutter & UI Fundamentals)	ISC Level 1-3

Diploma Courses

Levels 4-6

Minimum Qualification

Level 4: Higher Secondary (12th) or Equivalent

Level 5 : Level 4 or Equivalent

Level 6 : Level 5 or Equivalent

S.No.	Diploma Course Title	Levels
1	Advanced Web Development (Frontend + Backend Foundations)	ISC Level 4-5
2	Python Programming, Automation & API Integration	ISC Level 4-5
3	Data Analytics, SQL Queries & Power BI Dashboards	ISC Level 4-5
4	UI/UX Design, Prototyping & User Research	ISC Level 4-5
5	Digital Marketing Strategy, SEO & Performance Marketing	ISC Level 4-5
6	Cloud Computing & DevOps Tools (AWS, Git, CI/CD Basics)	ISC Level 4-5
7	Network Security, Ethical Hacking & Cyber Defense	ISC Level 4-5
8	AI Tools, Prompt Engineering & Automation Workflows	ISC Level 4-5
9	Mobile App Development (Flutter – Intermediate)	ISC Level 4-5
10	Web App Deployment, Hosting & Version Control (Git/GitHub)	ISC Level 4-5
11	Full Stack Web Development (React + Node + Databases)	ISC Level 6
12	Advanced Data Analytics, BI Strategy & Predictive Modelling	ISC Level 6
13	Cloud Architecture, Virtualization & DevOps Pipelines	ISC Level 6
14	Cybersecurity Operations, Threat Analysis & Penetration Testing	ISC Level 6
15	AI Product Design, Chatbot Development & Automation Engineering	ISC Level 6

Executive Diploma Courses

Levels 7-8

Minimum Qualification

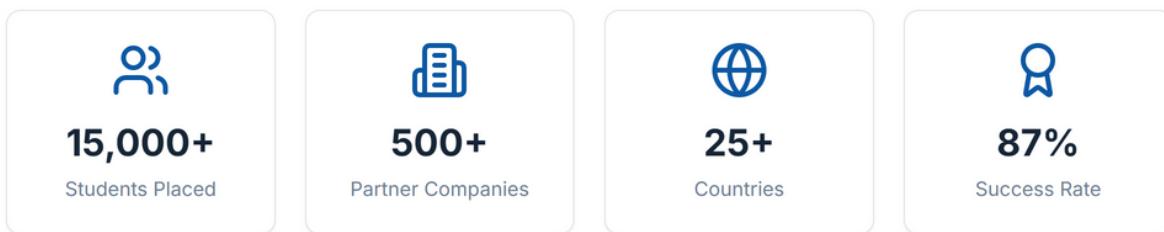

Levels 7-8 : Graduation or Equivalent

S.No.	Executive Diploma Course Title	Level
1	Advanced Artificial Intelligence, Machine Learning & AI Strategy	ISC Level 7-8
2	Cybersecurity Leadership, Digital Forensics & Enterprise Risk Management	ISC Level 7-8
3	Cloud Architecture, DevOps Engineering & Enterprise Infrastructure Management	ISC Level 7-8
4	Data Science Leadership, Big Data Engineering & Predictive Intelligence	ISC Level 7-8
5	Full Stack Systems Architecture, API Engineering & Scalable Software Design	ISC Level 7-8
6	Blockchain, Web3 Systems & Decentralized Application Architecture	ISC Level 7-8
7	Human–Computer Interaction, UX Strategy & Product Innovation Leadership	ISC Level 7-8
8	Enterprise Automation, RPA Engineering & Workflow Optimization	ISC Level 7-8
9	Digital Transformation, IT Governance & Technology Consulting	ISC Level 7-8
10	Mobile & Cross-Platform Systems Engineering (Advanced SDK, Cloud Sync, Security)	ISC Level 7-8

IISD Placement Cell

Connecting skilled professionals with global opportunities through industry partnerships, career guidance, and placement support.

Placement Support Services

Career Counselling

One-on-one guidance for career path selection, resume building, and interview preparation

Industry Connect

Direct connections with hiring partners across hospitality, healthcare, IT, and technical sectors

Skill Workshops

Regular workshops on communication, workplace etiquette, and professional development

Major Partner Companies in Creative Arts, Design & Media

International Institute of Skill Development

Head Quarters: Al Hamra Industrial Zone , RAKEZ , Ras Al Khaimah ,
