IISD'S Mission

To establish skill-based learning as a respected, structured, and globally recognized education system that transforms practical competencies into academically validated qualifications.

What IISD Does

Designs Programs

Creates standardized skill-based programs aligned with international qualification frameworks

Approves Institutions

Grants academic association to qualified institutions for program delivery

Conducts Assessments

Administers centralized examinations to ensure standardized evaluation

Issues Certificates

Provides internationally recognized certificates with digital verification

Our Academic Philosophy

Skill + Structure + Assessment = Qualification

Skills are not validated by experience alone – they are validated by measurable competence, and competence is validated through trusted evaluation. IISD provides the academic framework that transforms informal skill learning into formal, recognized qualifications.
